THE PRICE OF TURF.

TO THE EDITOR OF THE IRISH TIMES.

Six.—The letter from "Patriotic" caught my
eye in your issue of to-day. In the first place,
let me state I have no interest in the sale of
turf. I live in the country and own some bog
land, which I set at pre-war rates, namely 8e,
per perch. I cut no turf myself, as I find
timber fuel much less expensive. "Patriotic
wonders at the high price demanded for turf
in the city. Is he aware that a standard rate
of wages has been fixed all over Ireland, in
most cases \$5 per sent, above pre-war rates,
and that from is, to \$2, per day are paid for

toen to cut turf at present, instead of \$5, 65,
to \$4, pre-war? The rearing and carting to
canal or rail have equally gone up in price.
What the freight to the city has microssed to I
do not know, but I expect it is no small item.
"Patriotic" has to pay three times pre-war
price for coal, if he can get any. Why should
be grumble about turf, which is a much harder
commodity to save?—Pours, etc..
